Flush Mullion System

Our *pier and header* makes trimming hallways easy.

Our flush mullion system is easy to install. It allows you to create an aesthetically pleasing, smooth finished hallway with structural support for interior roll-up doors. Further compliment your hallway with Precision-Loc flush soffit panels, making your hallways bright and secure.

- Smooth finish available in brilliant white for high reflectivity.
- Easy ordering along with your building components, and the same lead time as long trims .
- Cut-to-length design.
- Increased property value.
